HOME OFFICES, HOME OCCUPATIONS, & HOME BUSINESSES

Council supports in principle the concept of allowing to a limited degree low intensity homes based occupation add businesses to operate in residential areas. The Council has established different categories of home based employment and defined these under its Local Planning Scheme No.10.

There are two fundamental planning principles which would allow home based employment and businesses to operate from private home in a residential area;

1. The operation of the home based business would not detract from the amenity of the area in terms of noise, traffic or the residential scale and aesthetics.
2. The house is used principally for residential purposes.

Home based employment known as either *Home Occupation* or *Home Business* can only operate legally with the prior approval of Council. While retrospective applications can be considered Council is under no obligation to approve an already operating home based employment.

Applications for a *Home Occupation* or *Home Business* to are to consist of:

1. FORM 1

The Form 1 (Application for Approval to Commence Development) must be completed with all necessary details and signed by the owner of the land.

2. COVERING LETTER

The covering letter must provide a description of the proposed home based occupation:

- * type and nature of occupation (as per the definitions provided below)
- * persons to be employed (if any);
- * number of vehicles and/or people expected to visit the property related to the occupation on a weekly basis;
- * method of advertising occupation;
- * the hours of operation; and any other relevant details.

3. SITE PLAN

Two (2) copies of a site plan, where appropriate, indicating the area to be used for the occupation, and the location of on-site visitor parking bays (if required).

4. APPLICATION FEE

The current application fee for a Home occupation as defined is \$100.00. A Home Business attracts a fee of \$203 plus any additional advertising costs. The appropriate fee must be submitted with the application. In the case where building works requiring planning consent are needed to facilitate the home occupation/business the planning fees are then based on the development schedule of 0.31% of the value of construction.
